We find the following beautiful poem in the Lancaster Daily Express. Those who have heard this touching effusion, recited by the celebrated tragedian, Mr. Forrest, will never forget either the pathos with which he renders it, or his simple, affecting introduction to it. Mr. Forrest thinks the writer was the brother of the poet Southey.—National Intelligencer.

THE IDIOT BOY.

It had pleased God to form poor Ned
A thing of idiot mind.
Yet to the poor uncles' ring boy
God had not been unkind.
Old Sarah loved her helpless child
Whom helplessness made dear,
And life was everything to him
Who knew no hope nor fear.
She knew his wants, she understood
Each half-articulate call;
For he was everything to her,
And she to him was all.
And so for many a year they lived,
Nor knew a wish beside,
But at length on Sarah came,
And she fell sick and died.
He tried in vain to waken her,
He called her by name and cry;
They told him she was dead—the words
To him no import bore.
They closed her eyes and shrouded her,
While he stood weeping by,
And when they bore her to the grave,
He followed silently.
The rabble boys that used to jeer
When'er they saw poor Ned,
Now stood and watched him at the grave,
And not a word was said.
They came and went and came again,
And night at last drew on;
Yet still he lingered at the place
Where everyone had gone.
And when he found himself alone
He quickly removed the clay,
And raised the coffin in his arms,
And bore it swiftly away.
Straight went he to his mother's cot,
And laid it on the floor;
And with the eagerness of joy
He barred the cottage door.
At once he placed his mother's corpse
Upright within her chair,
And then he heaped the earth and blew
To kindle fire with care.
She was now in her wonted chair,
It was her wonted place,
And bright the fire blazed and flashed,
Reflected from her face.
Then bending down, he'd feel her hands,
Anon her face behold;
Why, mother, do you look so pale—
And why are you so cold?
And when the neighbors on next morn
Had forced the cottage door,
Old Sarah's corpse was in the chair,
And Ned was on the floor.
It had pleased God for this poor boy
His only friend to call;
Yet God was not unkind to him,
For death restored him all.

NEED NOT WAIT.—The Marysville Appeal is authority for the statement that one of the "Old Guard," at a sorehead meeting lately held in that city, said that the State was waiting to see what San Francisco would do before taking any steps for the reorganizing of the Republican party. Our rural friends need not wait. The soreheads in these parts have come to the wise conclusion, apparently, that discretion is the better part of valor, and that an organization which had nothing better for its foundation than the chronic disgust of disappointed office-seekers, stands but little chance of being anything more than a "flash in the pan," politically speaking. The "Republican movement here is a fizzle."—Alta, July 2d.

FIRE IN THE MOUNTAINS.—In describing the fire which has been raging in the timber region in Santa Cruz county, the Santa Cruz Sentinel thus graphically describes the scene: "At night the forked flames lit up the western sky in lurid glare, while the cracking and roaring of flames, mingled with the dull sound of falling trees, struck the beholder with awe, as if the destroying angel had poured his seventh plial upon the earth. The scene was awfully grand and thrilling—terrible—which not even the pen of a Dante could picture. We feel thankful that the danger is over, and that the damage is not so great as it might have been."

INCREASE OF POPULATION.—Some one has remarked that the generality of people never stop to think how fast America is being filled up by immigration. The Missouri Republican presents the subject in the following practical form. It says: "Half a million of Europeans will have immigrated to this country before the end of the year, and more, probably, will come next year. In twenty-four months a population in numbers equal to that of Missouri reaches our shores; in twice that time they could fill a State with a population as large as that of Illinois, and (their descendant included) an immigration of six years is more than sufficient to fill the United States with a population as great in number as that which our country had when it declared its independence."

SUICIDE.—L. DeLattre, a Frenchman committed suicide at Virginia, on the evening of the 9th, by swallowing a dose of oil of bitter almonds. Jealousy was the cause.

MRS. BLUE.—Mrs. Blue is an unhappy woman. Life to her is a barren desert, containing nothing but sands of unhappiness. Out of little troubles she forms mountains of evil; and every moment of happiness is considered a forerunner of some great calamity. I have seen her go into hysterics, over a bleeding nose, and cry for hours over a cut finger, fearing it would produce lock-jaw. If Blue attempts to joke, she thinks him intoxicated, and forthwith bemoans the manhood of her husband, and preaches unto him a sermon of morals interlarded with her own hardships and trials. Her friends have ceased to visit her, leaving her to brood over troubles alone and undisturbed. Poor Mrs. Blue! I pity her, but her husband more. Finding no peace at home he spends his time on the corner, or in the grocery till midnight, when he wends his way homeward and creeps ignominiously into the house, after having gone through the necessary preparations of pulling off his boots before he entered, so as not to awake Mrs. Blue.

Now, there are a good many Mrs. Blues in this land of ours, who go through life a dissatisfied, miserable and despised crowd. And, in their eager grasp after the thistles of life, they never observe or think of the beautiful flowers of happiness that grow beneath the thistle's shade. The sweet smile of innocent childhood and the approving words of old age are unknown to them. They "have set their lives upon a cast," and think they must stand the hazard of the die. The cast is the suppression of all that is good and noble in their nature, and the die is a life of misery and unnumbered death.

In the choice of a wife, take the obedient daughter of a good mother.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, trust and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, That in reconstructing the nation its foundations should be justice and its architects loyalty, and we are willing that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal communities exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freedom and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and we do not believe that the late rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we do not believe in the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

RESOLUTIONS.

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens, to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and excommunicated from its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be held or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us Union and liberty—against no only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any law having any such object in view.

THE GREAT REVISION.—The little handful of anarchists have had their day. They met, less than four score of them, at the Capitol on the 19th inst., their say, and each has gone his way, feeling better for having emptied himself of so much secret wisdom. The two great orators of the conclave are men notorious for such a weight of honor and integrity as would crush any ordinary mortal. B. R. Nickerson and John Waver are prominent as moral, high-toned, noble and scrupulous men; their words will be taken without question by all who have extensive confidence in human nature, and never heard of them before. But if all were as wise and good as Judge Swift and some others, the results of their efforts would be the same. We are thankful that they openly proclaimed their purpose as a body, to defeat the four regular nominees of the Union party, for whose places they offer new candidates, and if necessary to do it, to elect Democrats to these places. They offer Bidwell, McCallum, Jones and Jeffries as their first choice, and Haight, Nichols, Watt and Gelwick. They talked of adopting means to ends, and looked the results of their action square in the face and deliberately prefer Democrats to Union men who do not suit them. They are to be pitied as lacking the elements of men fit for self-government. The first requisite for a citizen is a disposition to acquiesce in the way of the majority. They profess to be Union men and yet prefer Democrats to such Union men as the majority of the party support. They profess to be Republicans and yet do their best to elect rebel sympathizers to office. But unless we greatly mistake Bidwell and McCallum they will refuse to let their names be used to elect Haight and Nichols. Jones and Jeffries were present, accepted the honor and may stay in the field. We may see them elected, we may not. No man who believes that means should be used to accomplish ends will be led off from the Union party to work indirectly for the elevation of Democrats who have sought the life of the nation.

MEADOW LAKE SULPHURETS.—We are informed that a ton of sulphurets from the U. S. Grant mine at Meadow Lake has been successfully worked at Grass Valley by the Eureka Quartz Mining Company. It has been considered heretofore a difficult matter to separate the gold from the sulphurets, and many experiments at Meadow Lake have failed. The metallurgist at the Eureka states on the contrary that he has experienced no difficulty whatever with them. We were unable to learn the exact value per ton thus worked but, were told that it approached very near the amount indicated by the assay. This fact will considerably enhance the value of the Meadow Lake mine.

JO. HAMILTON.—Some of our exchanges publish Jo. Hamilton's name as Joseph. This is wrong; it is Joe—Elihu Hamilton. Guess it is pretty well known that Jo. is no Joseph. But then he is getting old now, and it was no use telling on him. We reckon there are not many of Hamilton's wives clinging to him much; and we are very sure that the office of Attorney General isn't banking after him. Let Jo. Hamilton be Hamilton.

RICH O'NEAL.—A few days ago a large specimen of ore from the Eureka mine at Grass Valley was shown us, which would, I judge, yield about a half a dozen thousand dollars per ton. The specimen weighed about one hundred pounds and contained about one half ounce of gold. It is a fine specimen of the Eureka mine.

EDUCATION AT HOME.

EDITOR ENQUIRER.—The interest felt in the cause of education by Californians is a fact remarked by the world. Popular education has been wonderfully advanced by our superior common school system, and every intelligent parent on the Pacific coast seems awake to its advantages. But we need something more than this. The resources of this State are of such a nature that in order to develop them profitably we need men highly educated in practical science. The destiny of our State is also such that we must either raise up from our youth men who may be worthy to fill our public offices at home and represent us abroad, or we must still, as at present, continue to import the talent of the East. A distaste for theoretical science has arisen in the minds of many of our practical business men, especially miners, because the opinions of scientific men on this coast have so often been proved false to nature. But, instead of proving the uselessness of all theoretical study, this fact should induce us to establish appropriate scientific schools in this State in order to educate men for our own special demands. Already have initiatory steps been taken in this direction; preliminary action has been made in the establishment of a State Agricultural and Mining College. The literary professions are provided for by the College of California. The Oakland College School provides for a cosmopolitan and commercial people a thorough course of instruction in the modern languages and business; in fine there is already at Oakland the foundation of a great university and academic system; but it yet remains for our public spirited citizens, and especially for the press to awaken a real living interest in those institutions throughout the whole Pacific coast. In the first place they need financial aid and moral support, and secondly a large patronage. In order to produce a great result we must concentrate our forces and no place offers so many advantages as an educational center as Oakland. We have there the soil, the climate and the seed sown. We wish now to impress upon the minds of your readers the necessity of educating their sons in that place where the study of theory may be enlivened by the stimulus of practical life; where the utility of theory may be comprehended by observation of its actual application. Where there can this end be so well accomplished as in this State? Education at home should be the motto of practical men. C. A.

SILK.—The incorporation of a company for the manufacture of silk at San Jose is one of the most hopeful signs of the times. By the efforts of Mr. Provost, the late Wilson Flint and others a large number of mulberry trees are already growing in various parts of the State, and a large number of cocoons will be offered for sale this year. Every year more worms will be fed till California will take rank as the first silk producing State of the Union, as she is already first in wine growing. The bounties offered by the Legislature at its last session will soon be claimed, and will continue to stimulate the growth. The establishment of a factory is the next necessity. Mr. Newman has already on hand a large amount of machinery, has begun the work, and now that a company with a capital stock of \$250,000 has been formed, to enlarge and carry on the work so well begun, we hope for the best results. All who have spare cash and desire a good investment will do well to take stock. Where a man can make money for himself and at the same time help a great enterprise for the public good, for the development of the resources of the State, he is a public benefactor and deserves well of his country. Here is a great field well worth the serious attention of capitalists and all who have the interest of this State at heart. We hope to hear that the stock of this company is taken at once. The importers of silk goods will, of course, do all in their power to discourage home growth and manufacturing. They are too well pleased by the millions of yearly profit they pocket to favor the enterprise. We pay to foreign countries about five millions a year for silk goods now brought into San Francisco. Let us hasten to supply ourselves by home growth and manufacturing, and save the enormous amounts of money we now send abroad.

NORTH CAROLINA.—W. H. Seward, in his speech in Boston during his tour with the President, spoke of the satisfaction he enjoyed in the reception the President received, and alluded to the fact that he had been with him for a fortnight since in his native State of North Carolina. (Cries of three cheers for North Carolina.) Whereupon he continued:

"You may well give three cheers for the State of North Carolina. She was the first state to not only a declaration of independence in the revolution against Great Britain. You may well give three cheers for North Carolina. She was the State of the eleven warring states who went most reluctantly out of the Union. You may well give three cheers for North Carolina. She was the first of the eleven who agreed to come back again to the family freckle of the Union, and to-day nothing is wanting for her to resume her ancient, honorable and most patriotic position in the family of the republic but the consent of the people of Massachusetts."

J. O. CONWAY. who announced himself as an independent candidate for Congress in the 1st Congressional District, in opposition to Harrison, yesterday morning, published a card in the Morning News, agreeing with the following names:

By advertisement it will be seen that the Board for this precinct will attend to the enrollment of voters every Tuesday and Saturday evenings, at the Express office.

If you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & RULOFSON, 429 Montgomery street, San Francisco.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Rue de la Harpe is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES AND IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the blood from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by attacking the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the venereal, does its damage. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will battle the effects of medicine. **WHEN PERFECT CURES** can be obtained by consulting a physician whom long practice and thorough acquaintance with the cause and progress of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, **PERFECT, SPEEDY AND PERMANENT**.

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonorrhea and its accompanying diseases; and all diseases of the bladder, kidneys, and prostate; Seminal Weakness, Diseases of the Heart and Lungs; Dropsy; Impotency; Impaired consumption; and all diseases of the urinary organs, in either sex, cure always warranted, **NO PAY REQUIRED**, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhea.

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion, uncontrollable falling of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing debility, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that terrible and destructive of all diseases Seminal Weakness—stealing away his power, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and lonely grave. To him who finds his life dripping out in the weakness of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy union, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one who looks to him for so much of his happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address his words, and to each and all assurance of a **PERFECT AND PERMANENT CURE**, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the inquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these recommendations are, feels called upon to interpose, and to the satisfaction of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, in a superlative manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, **FREE**. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. **THEY** are constantly securing testimonials of their efficacy declare them to be pre-eminent superior in their action. No lady should be without these Remedies. Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State, **THE CELEBRATED FEMALE REMEDIES**, PREVENTIVE FOR MENSTRUATION, New, Safe and Infallible, lasting from four to six months. Price, \$1.00. QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office, Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Scrofula and all Syphilis Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to reside at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Scrofula, Gonorrhea, and all the sequelae of these diseases, viz: Aneurism, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Debility, Diseases of the Back and Lungs, Indigestion, Biliousness, Consumption, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and this country, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in correct and honorable way, and his references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and improve their health.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their recovery to the public. It will be seen that their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demands their publicity and their grateful acknowledgments to Dr. DOHERTY for his successful treatment. It is a matter of no small importance to the welfare of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

Dr. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee is so small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing that Doctors who gave such positive assurances of success were necessarily the best, (some of whom I have a large number of titles) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever cured me of my disease. My Gleet is wholly cured. Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who are afflicted with this disease, if you have any doubt as to whom you may employ, ask Dr. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorrhea, Gleet, etc., but my health was never better than when I am, Doctor, very truly yours,

L. S. —

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. DOHERTY, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea," or Seminal Weakness, the result of self-abuse, but till 1885 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most distressing symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted with such restless and painful thoughts, that I was unable to pursue my usual avocations. I was averse to society, and evil forebodings and self-distrust, was entirely unfitted for any of the duties of life. For the summer of 1885, I was confined to my bed, and my health was so impaired that I was unable to perform my usual duties. I was averse to society, and evil forebodings and self-distrust, was entirely unfitted for any of the duties of life. For the summer of 1885, I was confined to my bed, and my health was so impaired that I was unable to perform my usual duties.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility, the bitter fruit tasted long after ward, patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatism, pain and numbness of the body. Some of the most common symptoms are pimples in the face and itching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PENNAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotency in six to eight weeks.

Patients suffering from venereal diseases in any stage (Gonorrhea, Gleet, Stricture, Bubos, Ulcers, Cutaneous Eruptions, etc.) will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PENNAULT's diploma is in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, nor to cure everything. We do claim that in all cases taken under our treatment, we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Female Monthly Pills.

Dr. PENNAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a family remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PENNAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 978, P. O., San Francisco, stating the case as minutely as possible; general habits of living, occupation, etc. etc. etc. All communications confidential. Je 23-17

NOTE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can direct their own course, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget to call upon Dr. PENNAULT, either in person or by letter. Consulting Office, 530 Washington street, San Francisco.

MEDICAL ADVICE.—Dr. W. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. DOHERTY, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by deflection of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—Dr. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his Medical Institute is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers, I think it is only necessary to inform those who are afflicted with chronic diseases, that I have a successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PENNAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptist Society of San Francisco.

Dr. PENNAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner, Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, upstairs entrance either Montgomery or Sacramento streets.

Dr. PENNAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotency and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in cases, the germ of which is planted in early life, and the bitter fruit tasted long after ward.

Patients suffering from this disease, should apply immediately to Dr. PENNAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotency in six to eight weeks. Patients suffering from venereal diseases in any stage (Gonorrhea, Gleet, Stricture, Bubos, Ulcers, Cutaneous Eruptions, etc.) will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PENNAULT's diploma is in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, nor to cure everything. We do claim that in all cases taken under our treatment, we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Female Monthly Pills.

Dr. PENNAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a family remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PENNAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 978, P. O., San Francisco, stating the case as minutely as possible; general habits of living, occupation, etc. etc. etc. All communications confidential. Je 23-17

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE.

N. E. Corner of Kearny and Jackson Streets, SAN FRANCISCO.

The Great Efficacy of special complaints, formerly of Locks Hospital, London, Rapid Cures in Sacramento, and the last four years in San Francisco.

DR. TOZER'S

Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Syphilis. The venereal being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion as to the quality of the treatment. I have been in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business, or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra.

Is another formidable enemy to health. Send for one of my circulars on this disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases.

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of the disease returning to your children that terrible disease known as Scrofula.

Syphilitic Disease.

As it presents itself on this coast, is of a more formidable character than that of Europe, arising from a compound of Spanish, Chinese and Sandwich Islands disease. Those of you who have visited the two countries no doubt have seen the effects of this disease on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas.

Of Ricord, Acton and Kewick, are of little account, except to-day in the treatment of the disease, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and therefore can speak without boasting that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1854. It becomes you, therefore, to think well before you employ a physician. I wish it to be known to all to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia.

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., etc., all purities of the blood, cured in a short time by the use of my **VEGETABLE MIXTURES**, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and general Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult Dr. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, sores, etc., etc., Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult Dr. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one who may be afflicted with the same disease. My **FEMALE MONTHLY PILLS** were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, **FIVE DOLLARS**—with full directions on each box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of Dr. TOZER, can, by sending me a written statement of their case to the Doctor, receive all the attention and medicines necessary to effect a cure without the necessity of a personal interview. All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, **FREE**. Cures in all cases guaranteed. Office hours from 9 A. M. to 9 P. M.

A Grateful Acknowledgment to Skillful Gentlemen.

San Francisco, June 1, 1896.

Dr. Chas. H. Tozer.—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remembered me, and called on me, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve, and finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to require no assistance, and I am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near meeting my death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc.
